

# Zahirudeen Premji

---

## EXPERIENCE

Yes, I can brag too. Ask me what you need to know.

## EDUCATION

Almost completed a Masters in EE - FIT Florida, hold a BSE - USF, Florida 1974. Quite a bit of post graduate training in neural nets at UC, optics at U of Rochester, SolidWorks, FEA, Experimental Modal,

I now strive to teach and help with knowledge transfer to others for them to succeed in industry.

## SKILLS

Many. Some I'm actually good at.

I'm creative in multiple dimensions. I work well with people. I can be transparent and opaque at the same time. I've helped sell products and like customers.

I write my own IOS apps. A recipes finder, organizer in the past and working on a Japanese flash card app to help me continue to stay proficient in the language

I'm multi-lingual.

## AWARDS

9 patents, Best Manager - StorageTek Documation, High Performance - Nikon Precision, IBM Fastback, PMI PMP, Professional Engineer (R) - Florida

## BACKGROUND

Many multi-disciplinary projects with international teams. Program Director, Engineering Director, Research and Development Manager in multiple companies. Helped create research and developed products - different time scales. Understand business creation. Developed many Program Managers and helped them achieve their careers paths. Recognized in every company as a high achievement team leader. Enjoy people, research, bringing products to market and social interaction. I like creating ideas and making them work. Have brought a company through the venture capital phase, raising \$1M at a six figure valuation for the startup.
